

TURKEY MEAT BALLS

- 1 Refill Box PetCakes Pizza (one packet of mix per pound)
- 1 lb Organic Ground Turkey
- 1 Egg (one egg per pound)

You will also need non-stick spray and PetCakes bone pan (for oven use paw print baking pan or cookie sheet).

STEP 1: *Mix* ground turkey, 1 packet of PetCakes Pizza Mix & 1 Egg in large bowl

Microwave Directions

Use a PetCakes Bone Shaped Pan and fill with turkey mixture and pack down
Cook for 2:30 minutes or until done.
Repeat until all the Turkey mixture has been used.

Oven Directions

Heat Oven to 350 degrees
Evenly pack Turkey mixture into paw print pan or cupcake pan
Cook for 25 minutes or until done.
I prefer the Oven Directions for this recipe because it gets the edges brown and crispy and I use all of the mix at once.

Serve your fur babies their holiday dinner while you eat yours!
